

Getting Started

Your all-in-one workspace for managing job applications, preparing for interviews and tracking progress.

1 Dashboard Overview

Get a snapshot of all applications with key stats, statuses, salary ranges and work modes.

2 Smart Search

Instantly find opportunities by company, role, tags or keywords across all applications.

3 Open any Application

Access detailed information, interview preparation, notes and contact history.

Tip ✨

Everything is stored locally on your device. No login required. You stay in full control.
